Grants to Beautify & Restore

CLUB GUIDELINES

Grants to Beautify and Restore is a program that provides financial support for VFGC clubs to restore gardens that have been damaged by natural disasters within Virginia or to beautify areas within communities. Priority will be given to natural disaster restoration projects.

A garden club or clubs may apply for funds to help replant, restore and beautify a public area that has been damaged or destroyed by a natural disaster, such as hurricanes, tornadoes, ice storms, floods, fires, etc. The restoration project is to be sponsored by a VFGC member garden club. The scope of these projects may include replacing plants and trees, clean-up, mulching and replanting expenses. Grants may also be used by clubs to beautify public areas and roadsides in their communities.

All VFGC clubs are encouraged to apply for a one-year grant of up to \$1,000 for the purpose of restoring gardens or community beautification. Clubs may apply for only one VFGC Grant per year.
